

XVII INTERNATIONAL SYMPOSIUM OF BIOSAFETY AND BIOSECURITY

Strengthening Biosafety Programs

2025

Fiesta Inn Aeropuerto Hotel - MEXICO CITY
August 12 - 15

Sponsorship Packages

Mexico City – April 2025

On behalf of the Mexican Biosafety Association (AMEXBIO), we cordially invite you to participate in the 17th International Symposium on Biosafety and Biosecurity (SIBB 2025), to be held on August 14–15, 2025, at the Fiesta Inn Aeropuerto Hotel in Mexico City.

AMEXBIO is a non-profit civil association established in March 2009. Our main objective is to disseminate knowledge in the fields of biosafety and biosecurity while promoting academic training and the development of human resources. AMEXBIO consists of a multidisciplinary group of professionals from prominent companies, academic institutions, governmental and non-governmental organizations.

As in previous years, SIBB 2025 will bring together approximately 250 professionals from various sectors, both national and international, such as public health laboratories, national institutes of health, pharmaceutical companies, biotechnology research centers, and public and private hospitals and clinics. This academic forum offers an unparalleled opportunity to showcase and promote your products and services to a targeted audience.

Below are the available sponsorship levels and the corresponding benefits and recognition offered. If interested please [fill up this form](#). Prices are in USD/Mexican pesos at the April 4th exchange rate.
